

2 CAT XQ2000 Power Modules

Caterpillar XQ2000 with CAT 3516C Engines
 Location: Illinois

SUMMARY

A municipality project required a total of 4MW of back-up power.

CHALLENGE

The units were needed immediately, but proper air permits were required before the units could be installed.

SOLUTION

IMP located two matching units available for sale from its rental fleet. Before shipping the units, IMP helped secure the required permits from the Air and Resource Board on behalf of its client.
