

2 Used CAT XQ1250G Natural Gas Power Module

Caterpillar XQ1250G with CAT G3516B Engines
 Location: Canada

SUMMARY

A top 5 oil & gas retailer in Canada needed a 2.5 MW powered natural gas generator set.

CHALLENGE

The company was on a low budget, and the equipment had to comply with CSA (Canadian Standards Association) Standards.

SOLUTION

IMP provided two, mid-hour XQ1250G that were certified to operate in Canada.
