

## 8MW Plant Installed for Major Pharmaceutical Company

(3) Caterpillar XQ2000 Power Modules  
 (2) Caterpillar XQ1000 Power Modules  
 Location: Puerto Rico

### SUMMARY

IMP's subsidiary, IMP Energy Solutions, was enlisted to source 6 megawatts of power to a remote location in Puerto Rico ahead of hurricane season.

### CHALLENGE

Due to hurricane season and high demand for standby power there were no power modules immediately available.

### SOLUTION

IMP Energy Solutions designed a custom power plant for the client, handled all procurement and installation, and is now managing its operation and maintenance.

## Specs

#### Equipment:

- (3) XQ2000 Power Modules.  
Total Capacity of 6000 KW, 60 HZ
- (2) XQ1000 Power Modules.  
Total Capacity of 2000 KW, 60 HZ

#### Applications:

- Industrial, Pharmaceutical

## Market

- Industrial

## Equipment

- XQ2000

## Products

- CAT XQ2000 Power Module
