

Caterpillar XQ500 Rental Grade Power Module For Hospital

Caterpillar XQ500 Power Module
 Rated at 500KW, 60HZ, 480V, 1800RPM, Tier 4i
 Location: Florida

SUMMARY

A hospital on the coast of Florida, contacted IMP to request a Caterpillar XQ500 rental power module to provide facility back-up power.

CHALLENGE

IMP had an XQ500 that met the client's requirements; however, the equipment was under rental contract in the Bahamas at the time.

SOLUTION

IMP replaced the generator in the Bahamas, with a local XQ800, then shipped the XQ500 to the mainland hospital.
