

## Caterpillar XQ800 Supplied to Rental Company

CAT XQ800 Power Module  
 Rated at 800 kw, 60 hz, 480 v, 1800 rpm  
 Location: Minnessota

### SUMMARY

A rental company in Minnesota was looking for a high-hour CAT XQ800 to rebuild and add to their fleet.

### CHALLENGE

Caterpillar discontinued the XQ800 model, so they rarely show up in the marketplace, and owners are reluctant to sell.

### SOLUTION

IMP examined its rental subsidiary's fleet on the East Coast, and reached an agreement to release one of its XQ800 power modules for sale to the client.

## Specs

Equipment:  
 CAT C27 Generator Set  
 Sound Attenuated Enclosure

Applications: Back-up Power
