

CAT XQ800 Power Module Delivered to Oregon Datacenter to Provide Emergency Power

CAT XQ800 Power Module
 Rated at 800 KW, 60 HZ, 480 V, 1800 RPM
 Location: Oregon, USA

SUMMARY

A datacenter in Oregon contacted IMP Corporation to source a reliable XQ800 Tier 4i to provide back-up power to their facility.

CHALLENGE

IMP Corporation had the required equipment in stock but wanted to ensure having the model in inventory since the particular unit is no longer manufactured and are thus difficult to acquire.

SOLUTION

IMP Corporation was able to acquire a replacement module by searching the proprietary database, IMPetus™, to source the client's unit.
