

## Industrial Diesel Generator Set

Detroit MTU 12V4000 G49 Industrial Diesel Gen Set  
 Location: North America

### SUMMARY

A dealer needed an engine to be used in an arctic exploration camp as prime power.

### CHALLENGE

IMP needed to provide a packed unit that could be rapidly upgraded for immediate use in an arctic environment.

### SOLUTION

An MTU unit in an oversized package was shipped to the customer who then re-insulated the engine to meet specifications for the application.

## Specs

Equipment:  
 Engine Capacity of 1400 kW, 60 Hz, 600 V, 1800 RPM

Applications:  
 Prime Power
